SCOPE OF SERVICES

The Birmingham-Jefferson County Transit Authority (BJCTA) is soliciting proposals from qualified businesses (Respondents) for providing a **Smart Vending Convenience Store Operation** in the Site A Food Service space (the Space) within the Birmingham Intermodal Facility building. BJCTA is asking Respondents to submit a business proposal regarding its offering to provide a self-service convenience-store operation to the public at the new Birmingham Intermodal facility located at 1801 Morris Avenue, Birmingham, AL 35203. The approximately 884 sq. ft. Space is located on the east end of the main Greyhound and Amtrak passenger lobby and is accessible from both Morris Avenue and 19th Street North.

BJCTA desires to provide an automated convenience store to its more than 2.4 million average annual users of the Intermodal Facility. These users include customers and guests of Amtrak, Greyhound, MegaBus, and BJCTA as well as employees of each and the public. BJCTA desires to provide common convenience store items through a non-staffed automated convenience store setting. Proposed products should be offered based on their usefulness and convenience to the customer first, and then by their ability to sell. The Intermodal Facility's hours of operation will be 6:00 AM to 11:30 PM. and the Respondent will need to propose an operation that considers these operating hours. BJCTA's primary objectives are shown below and Respondents must address them in their proposal including:

1. **Demonstrated Experience** – BJCTA wants a Respondent that has demonstrated experience in developing, operating, and maintaining a value-added retail/convenience store operation. BJCTA wants a business partner that can demonstrate that they understand the needs of transit riders and the surrounding community and offers an approach that meets those needs.

2. **Optimal Use** – BJCTA wants Respondent to optimize the area to provide as much value in service and products to the BJCTA riders and surrounding neighborhood. Respondent must show in their proposal how their approach provides valuable aspects to passengers and riders as well as the surrounding community and optimizes their experience both across the operating time and in the services/products offered in the facility.
3. **Health & Safety** – BJCTA cares about the health and safety of their riders, employees, neighbors, and business partners. Therefore, the Respondent must show their historical health and safety record as an operating business providing beverage and other convenience items to the public. Respondents must also show how their operating approach will protect the health and safety of their employees, customers, adjacent bus operations, and surrounding neighborhood.
4. **HUB Business Use** – It is important to BJCTA that the operation addresses working with historically under-utilized businesses (HUB). Respondents need to describe their commitment to the principle of maximizing opportunities for HUBs including whether they are a HUB operation, plan to use HUB vendors, or other measures they will implement to assist BJCTA in achieving this objective.
5. **Other Value-Added Considerations** – Respondents should include any other items they believe will add value to customers and the surrounding neighborhoods in their proposal.

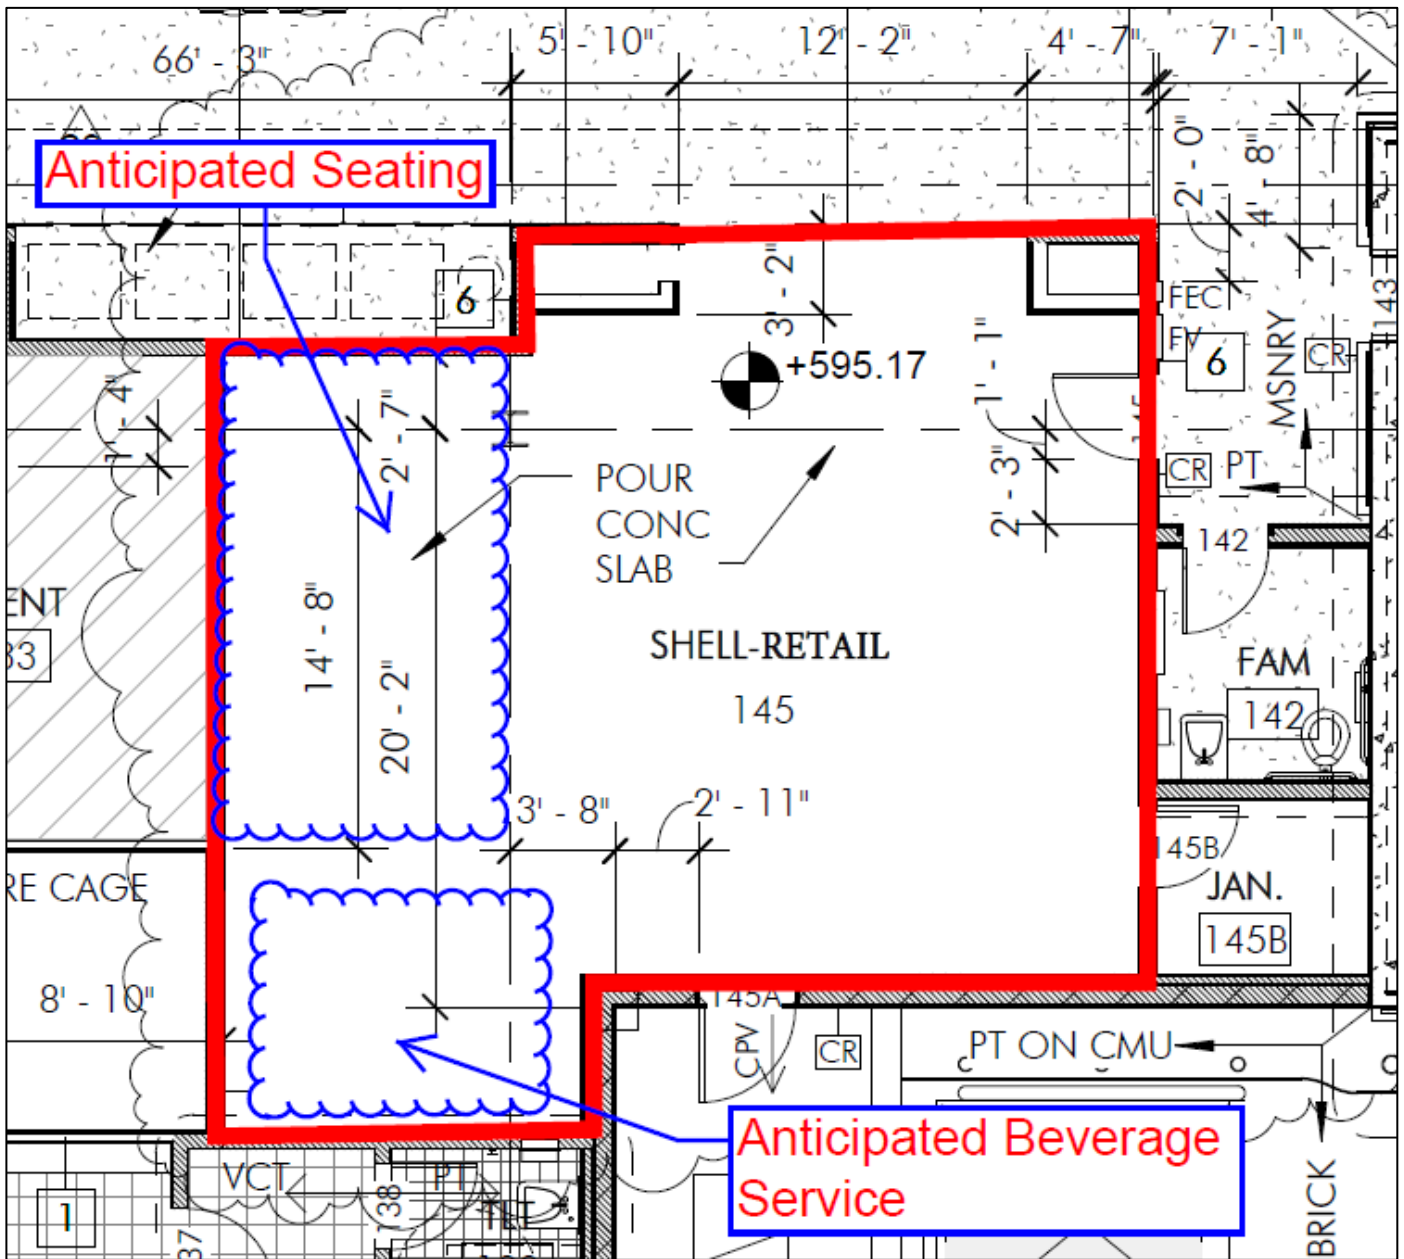

Figure 1 (attached) is a drawing showing the Space available for the Respondent's proposed services arrangement. The Respondent should use this drawing, which can be provided electronically in PDF format by written request, in illustrating the layout of their proposed operations.

Respondents should consider, but not limit their response to, the three approaches below when proposing their business arrangement with BJCTA. Each respondent is expected to provide their estimated annual gross revenue from sales and proposed revenue/profit sharing percentages. All final arrangements will be negotiated between BJCTA and the successful respondent upon completion of the evaluation process.

- 1) BJCTA leases the space to the respondent to operate a convenience store;
- 2) BJCTA (with or without contribution by the respondent) purchases all necessary equipment which is then maintained and operated by the respondent within the BJCTA provided Space for a profit/revenue sharing arrangement;
- 3) The respondent furnishes, maintains and operates all necessary equipment within the BJCTA provided Space for a profit/revenue sharing arrangement.

There will be a **site visit** for all Respondents to inspect the space and to ask questions of BJCTA prior to submitting proposals. The site visit will be on **August 22, 2017 at 10:00 AM CST.**

FEDERAL CLAUSES

The following terms and provisions as stated in FTA Circular 4220.1F apply to all solicitations except micro-purchases (\$2,000 or less).

- 1.11 **Fly America.** This provision shall apply to the transportation of persons or property, by air, between a place in the U.S. and a place outside the U.S., or between places outside the U.S., when the FTA will participate in the costs of such air transportation. The Contractor agrees to comply with 49 U.S.C. 40118 (the "Fly America" Act) in accordance with the General Services Administration's regulations at 41 CFR Part 301-10, which provide that recipients and sub recipients of Federal funds and their contractors are required to use U.S. Flag air carriers for U.S Government-financed international air travel and transportation of their personal effects or property, to the extent such service is available, unless travel by foreign air carrier is a matter of necessity, as defined by the Fly America Act. The Contractor shall submit, if a foreign air carrier was used, an appropriate certification or memorandum adequately explaining why service by a U.S. flag air carrier was not available or why it was necessary to use a foreign air carrier and shall, in any event, provide a certificate of compliance with the Fly America requirements. The Contractor agrees to include the requirements of this section in all subcontracts that may involve international air transportation.
- 1.12 **Energy Conservation.** The successful contractor agrees to comply with mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act.
- 1.13 **Federal Changes.** This provision shall apply to all contracts. Contractor shall at all times comply with all applicable FTA regulations, policies, procedures and directives, including without limitation those listed directly or by reference in the Master Agreement between Purchaser and FTA, as they may be amended or promulgated from time to time during the term of this Contract. Contractor's failure to so comply shall constitute a material breach of this Contract.
- 1.14 **Recycled Products.** This provision shall apply to all contracts for items designated by the EPA, when the purchaser or contractor procures \$10,000 or more of one of these items during the fiscal year, or has procured \$10,000 or more of such items in the previous fiscal year, using Federal funds. The Contractor agrees to comply with all the requirements of Section 6002 of the Resource Conservation and Recovery Act (RCRA), as amended (42 U.S.C. 6962), including but not limited to the regulatory provisions of 40 CFR Part 247, and Executive Order 12873, as they apply to the procurement of the items designated in Subpart B of 40 CFR Part 247.
- 1.15 **Government Obligations to Third Parties.** This provision shall apply to all contracts. The BJCTA and Contractor acknowledge and agree that, notwithstanding any concurrence by the Federal Government in or approval of the solicitation or award of the underlying Contract, absent the express written consent by the Federal Government, the Federal Government is not a party to this Contract and shall not be subject to any obligations or liabilities to the BJCTA, Contractor, or any other party (whether or not a party to that Contract) pertaining to any matter resulting from the underlying Contract. The Contractor agrees to include the above clause in each subcontract financed in whole or in

part with Federal assistance provided by FTA. It is further agreed that the clause shall not be modified, except to identify the subcontractor who will be subject to its provisions.

1.16 Program Fraud and False or Fraudulent Statements. This provision shall apply to all contracts. (1) The Contractor acknowledges that the provisions of the Program Fraud Civil Remedies Act of 1986, as amended, 31 U.S.C. § 3801 et seq. and U.S. DOT regulations, "Program Fraud Civil Remedies," 49 C.F.R. Part 31, apply to its actions pertaining to this project. Upon execution of the underlying Contract, the Contractor certifies or affirms the truthfulness and accuracy of any statement it has made, it makes, it may make, or causes to be made, pertaining to the underlying Contract or the FTA assisted project for which this Contract work is being performed. In addition to other penalties that may be applicable, the Contractor further acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification, the Federal Government reserves the right to impose the penalties of the Program Fraud Civil Remedies Act of 1986 on the Contractor to the extent the Federal Government deems appropriate. (2) The Contractor also acknowledges that if it makes, or causes to be made, a false, fictitious, or fraudulent claim, statement, submission, or certification to the Federal Government under a Contract connected with a project that is financed in whole or in part with Federal assistance originally awarded by FTA under the authority of 49 U.S.C. § 5307, the Government reserves the right to impose the penalties of 18 U.S.C. § 1001 and 49 U.S.C. § 5307(n)(1) on the Contractor, to the extent the Federal Government deems appropriate. (3) The Contractor agrees to include the above two clauses in each subcontract financed in whole or in part with Federal assistance provided by FTA. It is further agreed that the clauses shall not be modified, except to identify the subcontractor who will be subject to the provisions.

1.17 Termination for Convenience. Termination

a. Termination for Convenience (General Provision) the recipient may terminate this contract, in whole or in part, at any time by written notice to contractor when it is in the recipient's best interest. Contractor shall be paid its costs, including contract close-out costs, and profit on work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient. If contractor is in possession of any of the recipient's property, contractor shall account for same, and dispose of it as the recipient directs.

b. Termination for Default [Breach or Cause] (General Provision) If contractor does not deliver items in accordance with the contract delivery schedule, or, if the contract is for services, and contractor fails to perform in the manner called for in the contract, or if contractor fails to comply with any other provisions of the contract, the recipient may terminate this contract for default. Termination shall be effected by serving a notice of termination to contractor setting forth the manner in which contractor is in default. Contractor shall only be paid the contract price for supplies delivered and accepted, or for services performed in accordance with the manner of performance set forth in the contract. If it is later determined by the recipient that contractor had an excusable reason for not performing, such as a strike, fire, or flood, events which are not the fault of or are beyond the control of contractor, the recipient, after setting up a new delivery or performance schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.

c. Opportunity to Cure (General Provision) the recipient in its sole discretion may, in the case of a termination for breach or default, allow contractor an appropriately short period of time in which to cure the defect. In such case, the notice of termination shall state the time period in which cure is permitted and other appropriate conditions. If contractor fails to remedy to the recipient's satisfaction the breach or default or any of the terms, covenants, or conditions of this Contract within ten (10) days after receipt by contractor or written notice from the recipient setting forth the nature of said breach or default, the recipient shall have the right to terminate the Contract without any further obligation to contractor. Any such termination for default shall not in any way operate to preclude the recipient from also pursuing all available remedies against contractor and its sureties for said breach or default.

d. Waiver of Remedies for any Breach In the event that the recipient elects to waive its remedies for any breach by contractor of any covenant, term or condition of this Contract, such waiver by the recipient shall not limit its remedies for any succeeding breach of that or of any other term, covenant, or condition of this Contract.

e. Termination for Default (Supplies and Service) If contractor fails to deliver supplies or to perform the services within the time specified in this contract or any extension or if the contractor fails to comply with any other provisions of this contract, the recipient may terminate this contract for default. The recipient shall terminate by delivering to contractor a notice of termination specifying the nature of default. Contractor shall only be paid the contract price for supplies delivered and accepted, or services performed in accordance with the manner or performance set forth in this contract. If, after termination for failure to fulfill contract obligations, it is determined that contractor was not in default, the rights and obligations of the parties shall be the same as if termination had been issued for the recipient's convenience.

f. Termination for Convenience or Default (Cost-Type Contracts) the recipient may terminate this contract, or any portion of it, by serving a notice of termination on contractor. The notice shall state whether termination is for convenience of the recipient or for default of contractor. If termination is for default, the notice shall state the manner in which contractor has failed to perform the requirements of the contract. Contractor shall account for any property in its possession paid for from funds received from the recipient, or property supplied to contractor by the recipient. If termination is for default, the recipient may fix the fee, if the contract provides for a fee, to be paid to contractor in proportion to the value, if any, of work performed up to the time of termination. Contractor shall promptly submit its termination claim to the recipient and the parties shall negotiate the termination settlement to be paid to contractor. If termination is for the recipient's convenience, contractor shall be paid its contract close-out costs, and a fee, if the contract provided for payment of a fee, in proportion to the work performed up to the time of termination. If, after serving a notice of termination for default, the recipient determines that contractor has an excusable reason for not performing, such as strike, fire, flood, events which are not the fault of and are beyond the control of contractor, the recipient, after setting up a new work schedule, may allow contractor to continue work, or treat the termination as a termination for convenience.
