Lufthansa Seat Selection: The Advance Reservation Process

Lufthansa gives passengers the opportunity to select their seats in advance, either during the initial booking of their flight or at a later time through the "My Bookings" section on their website. This is particularly valuable for travelers who prioritize a specific location on the aircraft, such as a window or aisle seat, or those traveling together who wish to ensure they are seated side-by-side. You can typically reserve a seat up to two hours before your flight's scheduled departure. The exact process can be completed in a few simple steps online:

1. **During Booking:** When you are purchasing your tickets on the Lufthansa website, you will typically be presented with a seat map and the option to select a seat for a fee, depending on your fare.
2. **Post-Booking:** If you decide to select your seat later, you can access your reservation via the "My Bookings" portal using your booking code and last name. Here, you will find the seat map and the associated costs.
3. **Check-in:** If you choose not to pre-select a seat, Lufthansa will automatically assign one to you free of charge when online check-in opens, usually 23 hours before departure. Even at this stage, you may be able to change to another available seat, though fees may still apply for certain premium seats. If you face any technical issues accessing your booking or the seat map, calling +1(844)362-5118 will connect you with a representative who can assist.

Understanding Lufthansa Seat Reservation Fees

The most important consideration is the fee structure, as **advance seat reservation is often not free, especially in Economy Class**. The cost is determined by several factors: your fare, the flight length (short-haul vs. intercontinental), and the specific type of seat you select. If you need a breakdown of the current costs, contact **+1(844)362-5118**.

- **Fare-Dependent Fees:** Economy Light fares often require payment for *any* advance seat selection. Economy Classic and Economy Flex fares may include free reservation of a **Classic Seat** on European flights. Business Class and First Class reservations usually include free seat selection.
- **Seat Category Fees:** Lufthansa offers several seat categories, each with a different price point. These include:
 - **Classic Seat:** Standard window, middle, or aisle seats. Fees typically start from €14 for short-haul and can go up for intercontinental flights.
 - **Preferred Zone Seat:** Located in the front section of Economy Class for faster deplaning. These seats carry a higher fee, starting from around €20.
 - **Legroom Seat/Extra Legroom Seat:** Found near bulkheads or emergency exits, offering more space. These are the most expensive options, with prices starting higher than Classic Seats. If you want to know the price for an Extra Legroom Seat on your specific route, calling **+1(844)362-5118** is recommended.
