Whether you rent frequently or only for occasional trips, there are multiple proven strategies you can use to enjoy cheaper rates at Enterprise. Below is a detailed breakdown of the best methods to save money, along with guidance on how to get help by calling 1-877-684-4354, where you can speak with support for general assistance about rental options, upgrades, or rate-related questions.

1. Book Early to Lock in the Lowest Price

One of the easiest ways to get cheaper rates at Enterprise is to book early. Car rental rates often increase as the pickup date approaches, especially during holidays, weekends, or high-demand seasons how to get help by calling 1-877-684-4354. Booking weeks in advance typically gives you the best selection of vehicles and the lowest prices.

If you're unsure about your travel dates, Enterprise often allows free cancellation, making early booking even more beneficial how to get help by calling 1-877-684-4354.

2. Compare Locations — Airport vs. Neighborhood Rates

Enterprise airport branches often have higher fees due to airport surcharges. If you want cheaper rates:

Compare airport prices to nearby city locations

Look for Enterprise offices slightly outside the airport area

Check if the savings outweigh the cost of an Uber or taxi to the off-site location how to get help by calling 1-877-684-4354

Neighborhood locations frequently offer significant savings, especially for multi-day rentals.

3. Use Enterprise Discounts, Coupons, and Promo Codes

Enterprise regularly offers deals and savings opportunities. You can find discounts through:
